Program Overview

Our educational system is an important part of our communities, and Warren RECC is proud to support classrooms and schools that strive to become better stewards in their community by becoming more energy-efficient and self-reliant.

Warren RECC will award five \$700 grants to qualifying classrooms and/or schools. The classroom and/or school must be conducting a project/service that will educate the classroom or school on energy-efficiency/conservation.

Grants will be awarded for one year.

Applications will not be considered unless all required information is furnished.

Eligibility Requirements

- The school must be in the Warren RECC service territory or have more than 75% of the student body whose parents are Warren RECC members.
- This is a competitive grant and will be awarded for the 2017/2018 school year.
- Winners will be selected by a Grant Committee composed of Warren RECC employees.

General Guidelines

- Applications are available at www.wrecc.com or contact Jenny Rich at (270) 842-6541.
- Completed applications must be postmarked no later than **October 20, 2017**.
- No late applications will be considered.
- Winners will be notified no later than **October 27, 2017**.

Classroom teachers and/or school administrators must complete the entire application and submit any additional information, if necessary.

Examples of acceptable projects/expenditures include, but are not necessarily limited to, the following:

- Purchase of energy management kits/tools, such as energy team kits from NEED (National Energy Education Development Project), for students/energy teams.
- Energy efficiency/conservation teacher/student materials (workbooks, manuals, handouts).
- Speakers to promote and bring awareness to energy efficiency/conservation (school assembly or large group setting).
- Schools purchasing vending machine misers, CFL light bulbs, smart power strips, or other items that will assist the school building to conserve electricity and be used as an educational opportunity with the students.

If your grant application is approved, you will be notified to proceed with your project/service. Warren RECC must receive a copy of your purchase order and/or invoice, issued from the finance director, sent to the attention of Jenny Rich for reimbursement.

******Project must be energy related** (electricity, coal, hydropower, nuclear, wind, solar, biomass).

Warren RECC is an equal opportunity provider and employer.
